The Smithsonian Institution thanks all digital volunteers that transcribed and reviewed this material. Your work enriches Smithsonian collections, making them available to anyone with an interest in using them.

The Smithsonian Institution (the "Smithsonian") provides the content on this website (transcription.si.edu), other Smithsonian websites, and third-party sites on which it maintains a presence ("SI Websites") in support of its mission for the "increase and diffusion of knowledge." The Smithsonian invites visitors to use its online content for personal, educational and other non-commercial purposes. By using this website, you accept and agree to abide by the following terms.

- If sharing the material in personal and educational contexts, please cite the Archives of American Art as source of the content and the project title as provided at the top of the document. Include the accession number or collection name; when possible, link to the Archives of American Art website.
- If you wish to use this material in a for-profit publication, exhibition, or online project, please contact Archives of American Art or transcribe@si.edu

For more information on this project and related material, contact the Archives of American Art. See this project and other collections in the Smithsonian Transcription Center.

Dear Heddina dear don't blame me for writing like that but it's the way I feel, I desire you too much and I build so much so much around you & me in the past months. I desire you dear and I want a nice word from you. I need to talk to you and hold your hand for some time. This letter is not clear, I don't know how to write, I have to think and all clear ideas are getting foggy mixed with - like on a screen - your hands, your fingers, your lips, arms and all you dear. And a nice walk around East River with you and what I want more, a whole night of talking to you about lots of things and listen to you sleeping. These are not ideas , are just images I have when I think of you and that's the main thing. Dear I love you dear, don't forget me and don't become a stranger not even for a moment. I'm always with you and you are for me the only reason for life, the way the roots are for a tree. I love you dear and we'll all be happy together, never before I felt nearer to a human being, don't go away from me dear, I'm sure you won't I love you dear dearest, I kiss you hands dear and you. So long dear S.

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities.Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
