The Smithsonian Institution thanks all digital volunteers that transcribed and reviewed this material. Your work enriches Smithsonian collections, making them available to anyone with an interest in using them.

The Smithsonian Institution (the "Smithsonian") provides the content on this website (transcription.si.edu), other Smithsonian websites, and third-party sites on which it maintains a presence ("SI Websites") in support of its mission for the "increase and diffusion of knowledge." The Smithsonian invites visitors to use its online content for personal, educational and other non-commercial purposes. By using this website, you accept and agree to abide by the [following terms](#).

- If sharing the material in personal and educational contexts, please cite the Smithsonian Institution Archives as source of the content and the project title as provided at the top of the document. Include the accession number or collection name; when possible, link to the Smithsonian Institution Archives website.
- If you wish to use this material in a for-profit publication, exhibition, or online project, please contact Smithsonian Institution Archives or transcribe@si.edu

For more information on this project and related material, contact the Smithsonian Institution Archives. [See this project](#) and other collections in the Smithsonian Transcription Center.

25% have been investigated during the past year and ~~with the field reports~~ ^{with the reports written} ~~reports~~ [^] ~~written~~ on each. ~~have occupied 25% about 25 percent of my time.~~ Specimens of certain groups of mammals sent to the Biological Survey for identification ~~have been~~ are referred to me for critical comparison with specimens in the US. National Museum.

10% ~~and this takes probably 10 percent of my time.~~ Some correspondence relating to animal life and problems is referred to me for the preparation of replies and on many such problems I am called in consultation or for information.

10% This takes probably 10 percent of my time.

As a member of the Scientific Staff of the Biological Survey some time is required for the weekly staff meetings and for special conferences, ~~probably 5 percent of my time.~~

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
