The Smithsonian Institution thanks all digital volunteers that transcribed and reviewed this material. Your work enriches Smithsonian collections, making them available to anyone with an interest in using them.

The Smithsonian Institution (the "Smithsonian") provides the content on this website (transcription.si.edu), other Smithsonian websites, and third-party sites on which it maintains a presence ("SI Websites") in support of its mission for the "increase and diffusion of knowledge." The Smithsonian invites visitors to use its online content for personal, educational and other non-commercial purposes. By using this website, you accept and agree to abide by the following terms.

- If sharing the material in personal and educational contexts, please cite the Smithsonian National Air and Space Museum Archives as source of the content and the project title as provided at the top of the document. Include the accession number or collection name; when possible, link to the Smithsonian National Air and Space Museum Archives website.
- If you wish to use this material in a for-profit publication, exhibition, or online project, please contact Smithsonian National Air and Space Museum Archives or transcribe@si.edu

For more information on this project and related material, contact the Smithsonian National Air and Space Museum Archives. See this project and other collections in the Smithsonian Transcription Center.

[[circled]] 7 [[circled]]

Bups too heavy - Production discontinued.
In Normandy not required - Ranges not satisfactory.

x Band beacon.

Dr. Waring advisor to 1st Allied Army.

[[margin]] [[strikethrough]] word Trouble [[/strikethrough]]

Infra Red -
240 W Bulb w. Filter (24V) storage batteries
Ranges 10 miles (Viewer = C - 1 Electronic)
4 miles - certainly w. coding.

New Beacon - Good range 10 miles
//
Seems to me, if we had a good radar or radio high accuracy job - we wouldn't need this.

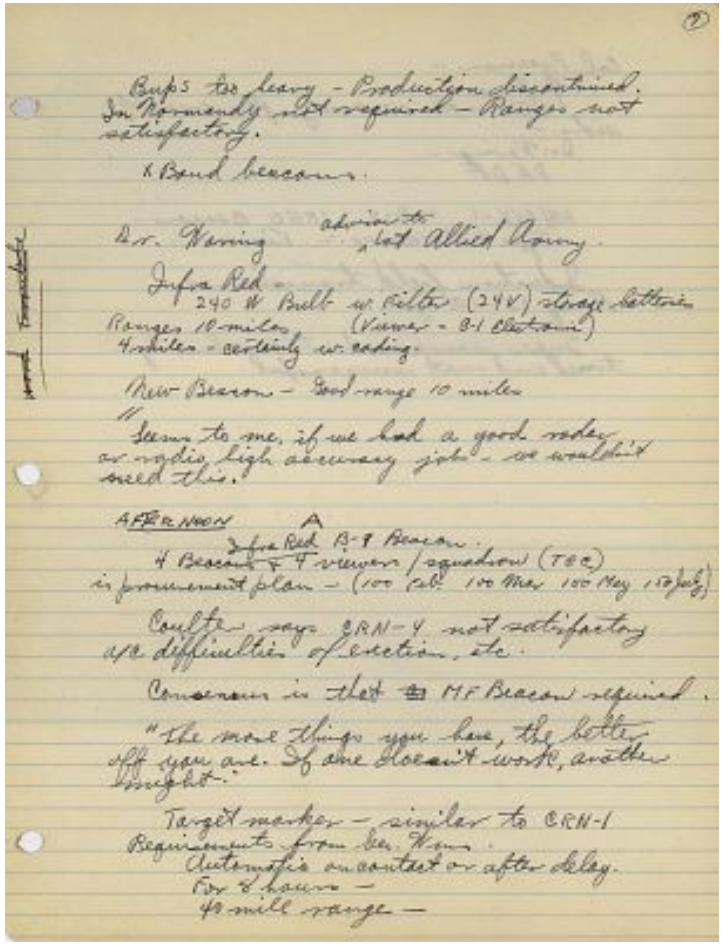

AFTERNOON A
Infra Red B - 9 Beacon
4 Beacons & 4 viewers / squadron (TCC)
is procurement plan - (100 Feb. 100 Mar 150 May 150 July)

Coulter says CRN - 4 not satisfactory
a/c difficulties of erection, etc

Consensus is that [strikthrough C1) MF Beacon required.

"The more things you have, the better
off you are. If one doesn't work, another
might."

Target marker - similar to CRN - 1
Requirements from Gen. Wms. [[Williams]]
Automatic on contact or after delay.
For 8 hours -
40 mile range -

Smithsonian National Air and Space Museum Archives

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities.Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
