[[underlined]] Corpus Christi [[/underlined]]

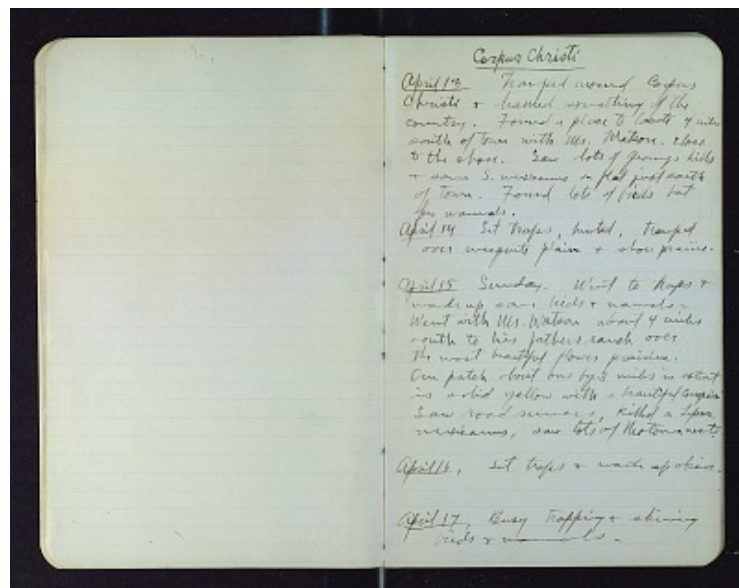

[[underlined]] April 13 [[/underlined]] Tramped around Corpus Christi & learned something of the country. Found a place to locate 4 miles south of town with Mr. Watson, close to the shore. Saw lots of geomys hills & some S. mexicanus on flat just south of town. Found lots of birds but few mammals.

[[underlined]] April 14 [[/underlined]] Set traps, hunted, tramped over mesquite plain & shore prairie.

[[underlined]] April 15 [[/underlined]] Sunday. Went to traps & made up some birds & mammals. Went with Mr. Watson about 4 miles south to his fathers ranch over the most beautiful flower prairies. One patch about one by 3 miles in extent is solid yellow with a beautiful Coreopsis. Saw road runners, killed a Lepus mexicanus, saw lots of Neotoma nests.

[[underlined]] April 16 [[/underlined]] Set traps & made up skins.

[[underlined]] April 17 [[/underlined]] Busy trapping & skinning birds & mammals.

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
