The Smithsonian Institution thanks all digital volunteers that transcribed and reviewed this material. Your work enriches Smithsonian collections, making them available to anyone with an interest in using them.

The Smithsonian Institution (the "Smithsonian") provides the content on this website (transcription.si.edu), other Smithsonian websites, and third-party sites on which it maintains a presence ("SI Websites") in support of its mission for the "increase and diffusion of knowledge." The Smithsonian invites visitors to use its online content for personal, educational and other non-commercial purposes. By using this website, you accept and agree to abide by the [following terms](#).

- If sharing the material in personal and educational contexts, please cite the Smithsonian Institution Archives as source of the content and the project title as provided at the top of the document. Include the accession number or collection name; when possible, link to the Smithsonian Institution Archives website.
- If you wish to use this material in a for-profit publication, exhibition, or online project, please contact Smithsonian Institution Archives or transcribe@si.edu

For more information on this project and related material, contact the Smithsonian Institution Archives. [See this project](#) and other collections in the Smithsonian Transcription Center.

Punishments and fines for those who violate the laws established by this legislation.

Art. 92.-The person, association, organization or company that violates in any manner, or does not comply with the regulations herewith established, commits a punishable act which shall be condemned by the Common Tribunals with a fine by them of 50 sucres for the least offense and 2500 sucres or prison for six months, or both, may be the punishment according to the seriousness of the case.

The explanation of the word "cojer."

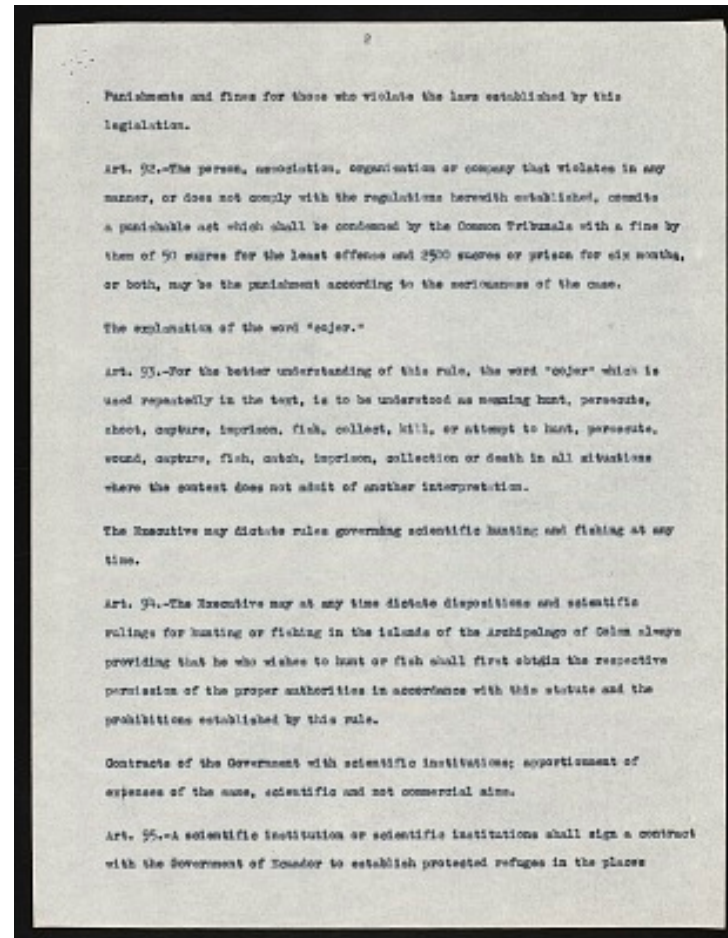

Art. 93.-For the better understanding of this rule, the word "cojer" which is used repeatedly in the text, is to be understood as meaning hunt, persecute, shoot, capture, imprison, fish, collect, kill, or attempt to hunt, persecute, wound, capture, fish, catch, imprison, collection or death in all situations where the context does not admit of another interpretation.

The Executive may dictate rules governing scientific hunting and fishing at any time.

Art. 94.-The Executive may at any time dictate dispositions and scientific rulings for hunting or fishing in the islands of the Archipelago of Colon always providing that he who wishes to hunt or fish shall first obtain the respective permission of the proper authorities in accordance with this statute and the prohibitions established by this rule.

Contracts of the Government with scientific institutions; apportionment of expenses of the same, scientific and not commercial aims.

Art. 95.-A scientific institution or scientific institutions shall sign a contract with the Government of Ecuador to establish protected refuges in the places

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
