The next scene is in heaven, and extremely pretty. A long staircase which is lost in the clouds is in the center and on it in all sorts of graceful positions are angels, sitting and [[being?]]. Some are dressed in white and others in gold. The third is on the earth and the contrast is very marked.

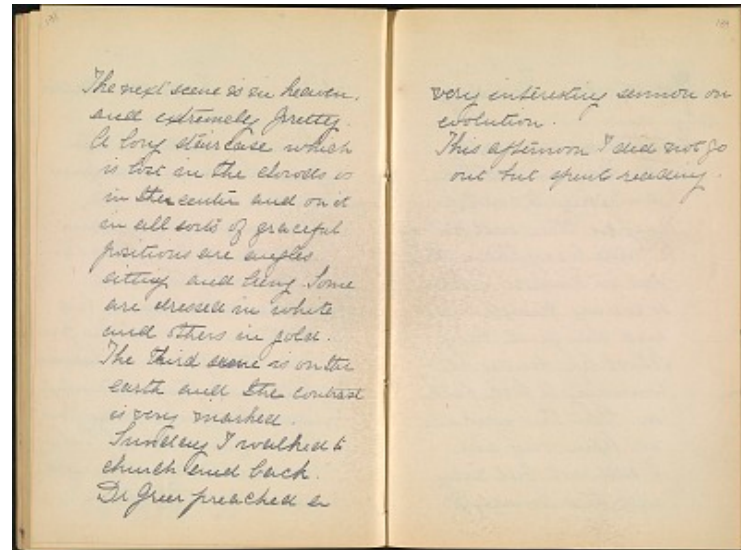

Sunday I walked to church and back. Dr Greer preached a

very interesting sermon on evolution.

This afternoon I did not go out but spent reading.

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
