Mrs. Vera Zorn
69-37 175th Street
Flushing N.Y. 11365

My dear Vera:

I want to thank you, both personally and professionally, for your kind and gracious help and consideration, relative to The Paul Studenski Aeronautical Collection.

Your father's archives will be well taken care of while they are here.

Enclosed you will find the form that is used for collection breakdown, and which will be sent you in the near future, completed.

Please remember two things: (1) the returned collection sheet will differ rather considerably from the notes recorded yesterday, and that the enclosed sheet items will be expanded to detail (2) special listings of atypical items.

Items from the Brentwood portion of the Collection will be returned very shortly if it is found there is now duplication from the previous Studenski input and/or other collections.

And again, please be quite patient on the return of the items retained for full work and duplication.

And a special rose to your husband!

Kindest personal regards,

Smithsonian National Air and Space Museum Archives

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
