Winnebago
Nebraska Oct. 17

Hon. Commissioner of Indian Affairs.

Sir:

I have the honor to present the following case and to ask instructions upon the same.

Under date of February 4th 1876. the S.W. N.E. 1/4 of Sec. 20. Township 26 Range 9. being in that purchased in 1874 for the Wisconsin Winnebago was patented to Mary Crane. Ho-tah-wah Miss Mary Crane was an Ottawa Indian, who married a Winnebago and remained with the tribe after her husband's death. A house was built for her on her land. (she was a widow without children when she was allotted.) She died, about 1881, leaving no heirs here.

Two years, or a little more, before her death, she sold her house and rights to her land, to a Nebraska Winnebago named Sharpback. This sale was agreed to by the Agent Howard White, as I am informed. Sharpback entered upon possession of the property he had acquired, and has lived in the house and cultivated

National Anthropological Archives

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
