Dear Bruce, we are actively getting our outfit packed the usual 16 or so chests and boxes of this and that. Amos will have three and Darsie a couple surely. The Caribee will be as heavily laden as the freelance ever was - maybe more so - she's roomy though.

This week I'm picking up our air reservations - Miami to Port-of-Spain.

That is for five of us Amos, Darsie, Finlay, Bowman and my self. Dr. Cowan wanted to do a little collecting on Trinidad - he's the botanist you know, and so is going down a few days ahead. The Museum will be taking care of his per diem until he joins up with the rest of us.

We shall be on flight #433, leaving Miami 11 30

30 a.m. March 29, arriving in Port-of-Spain at 10 40 p.m.

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
