Agricultural Experiment Station

Department of Entomology

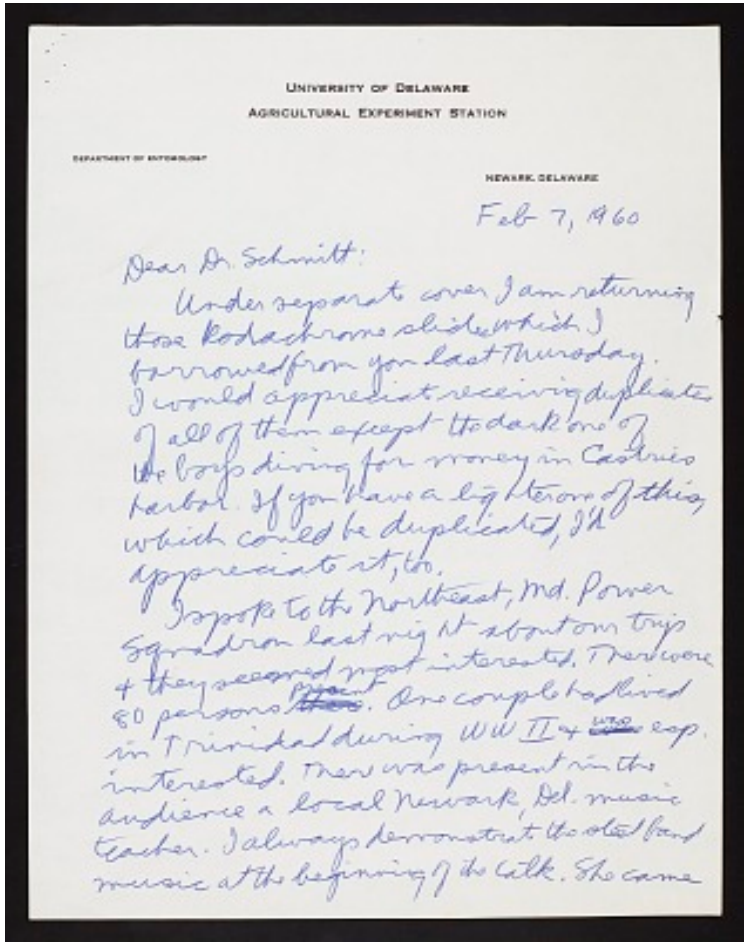

Newark. Delaware [[/preprinted]]

Feb 7, 1960

Dear Dr. Schmitt:

Under separate cover I am returning the kodachrome slides which I borrowed from you last Thursday. I would appreciate receiving duplicates of all of them except the dark one of the boys diving for money in Castries harbor. If you have a lighter one of this, which could be duplicated, I'd appreciate it, too.

I spoke to the Northeast, Ma. Power Squadron last night about our trip + they seemed most interested. There were 80 persons [[strikethrough]]there[[/strikethrough]] ^[[present]]. One couple had lived in Trinidad during WWII + [[strikethrough]]were[[/strikethrough]] ^[[was]] esp. interested. There was present in the audience a local Newark, Del. music teacher. I always demonstrate the steel band music at the beginning of the talk. She came

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities.Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
