The Chrysler Sebring Convertible  
At night it turns into a planetarium.

[[image - a color photo of a gray or silver Chrysler Sebring Limited Convertible lit by a sunset. It is parked in a grassy field with a single tree and mountains in the background. The moon is visible in the sky.]]

You don't have to be Galileo to appreciate the new Chrysler Sebring Limited Convertible. A car that's as fun under blue skies as it is under spectacular constellations. But what makes it truly brilliant is that you can enjoy it year-round. Its specially lined top, for example, was designed to help keep sound out and warmth in. Plus, it offers an exceptionally roomy interior and the largest trunk space of any convertible this side of the planet. Information? Call 1.800.CHRYSLER or you can visit [www.chryslercars.com](http://www.chryslercars.com). And see why Sebring is the best-selling convertible under the sun. Or the moon.

## Smithsonian Institution

*National Museum of African American History and Culture*

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
