HOP IN  
FOR A RIB-TICKLING RIDE

Authors Hume and Annarino explore the back lanes and byways of Japan, take you past the signs that read PRAY SAFETY TRAFFIC and SPECIALIST IN PUNCTURE. Laughter ripples through the pages as they go home again, oriented but not reoriented. Back home they stare at the blondes, give the wives a hard time, sell the furniture, bow three times to the man next door.

For those who have been to Japan and "for the ones back home" this book is a must.

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
