WEBVTT

00:02:15.000 --> 00:02:23.000

<i>Jeanne Porterfield</i>: --Austria. Now in case you're wondering how two people are going to narrate one film that's easily solved, I'm leaving.

00:02:23.000 --> 00:02:25.000

[[laughter]]

00:02:25.000 --> 00:02:34.000

<i>Lisa Chickering </i>: But she'll be back to take you on the second half of the trip. And now if your bags are packed and your pockets full, we'll start.

00:02:34.000 --> 00:02:50.000

But first, just a word about Austria. As you know it was once the most rich, powerful empire, encompassing almost 116,000 square miles. Now it shrunk to a size smaller than the state of Maine.

00:02:50.000 --> 00:03:00.000

But still, the warm spirit of its 7 million people has remained as expansive as ever. Austria lies in Central Europe, it is surrounded by 6 countries.

00:03:00.000 --> 00:03:14.000

To the west is Switzerland, to the north Germany, Czechoslovakia, to the east lies Hungary, and in the south Yugoslavia and Italy. And it's divided into 9 provinces, which are very similar to our states.

00:03:14.000 --> 00:03:30.000

Rather than say any more about Austria, I think the Austrians themselves best sum it up. They hope heaven will be just like Austria. Well now if we can have the lights please. We'll see just how heavenly Austria is.

00:03:30.000 --> 00:03:37.000

[[silence]]

00:03:37.000 --> 00:03:49.000

[[music]]

00:03:49.000 --> 00:03:55.000

<i>Lisa Chickering </i>: The day we left New York for Austria we both felt great anticipation crossing the field of the waiting plane.

00:03:55.000 --> 00:03:58.000

[[silence]]

00:03:58.000 --> 00:04:04.000

<i>Lisa Chickering </i>: But this we didn't anticipate, now just what does one do at a time like this?

00:04:04.000 --> 00:04:07.000

[[laughter]]

00:04:07.000 --> 00:04:14.000

<i>Lisa Chickering </i>: Luckily a man from the airline rushed in and gallantly helped picked up all the odd assortment of things we women are guilty of carrying.

00:04:14.000 --> 00:04:25.000

<i>Lisa Chickering </i>: And miraculously we got them all back in that little bag. I'm afraid we delayed the flight a bit though in being the last ones on, stumbled up the stairs as quickly as possible.

00:04:25.000 --> 00:04:33.645

<i>Lisa Chickering </i>: We thought we were traveling light, but it's all Jeanne could do to get up the stairs at all with just what she was carrying. Good thing there's a railing there to catch her.

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
