National Anthropological Archives

Austria à la Carte lecture recording, Side B, Lisa Chickering and Jeanne Porterfield Collection

Extracted on Jul-02-2022 10:22:53

The Smithsonian Institution thanks all digital volunteers that transcribed and reviewed this material. Your work enriches Smithsonian collections, making them available to anyone with an interest in using them.

The Smithsonian Institution (the "Smithsonian") provides the content on this website (transcription.si.edu), other Smithsonian websites, and third-party sites on which it maintains a presence ("SI Websites") in support of its mission for the "increase and diffusion of knowledge." The Smithsonian invites visitors to use its online content for personal, educational and other non-commercial purposes. By using this website, you accept and agree to abide by the [following terms](#).

- If sharing the material in personal and educational contexts, please cite the National Anthropological Archives as source of the content and the project title as provided at the top of the document. Include the accession number or collection name; when possible, link to the National Anthropological Archives website.
- If you wish to use this material in a for-profit publication, exhibition, or online project, please contact National Anthropological Archives or transcribe@si.edu

For more information on this project and related material, contact the National Anthropological Archives. [See this project](#) and other collections in the Smithsonian Transcription Center.

WEBVTT

00:08:46.000 --> 00:08:53.000

I was told about their beautiful colors, but they're rather difficult to observe when you find them in that particular position.

00:08:53.000 --> 00:08:54.000

[laughter in background]

00:08:54.000 --> 00:08:59.000

And how they ever got the name of being the wild parrots of Currumbin, I couldn't possibly tell you.

00:08:59.000 --> 00:09:03.000

But they never stopped eating. It's bird land again.

00:09:03.000 --> 00:09:07.000

And now, leaving the birds, we go back to the Koala Bear Country.

00:09:07.000 --> 00:09:12.000

They were so friendly down south I didn't see how they could be cross here at night.

00:09:12.000 --> 00:09:14.000

[Laughter]

00:09:14.000 --> 00:09:19.000

Now, between the tails of the kangaroos you'll find the Great Barrier Reef.

00:09:19.000 --> 00:09:25.000

And we're going to take this boat from Mackay. We're going out into the Whitsunday Islands.

00:09:25.000 --> 00:09:28.000

Now the Barrier Reef covers 80,000 square miles.

00:09:28.000 --> 00:09:31.000

It is 12,050 miles in length.

00:09:31.000 --> 00:09:38.000

At it's maximum width, 150 miles. At it's minimum width, only 12 miles.

00:09:38.000 --> 00:09:42.000

And here, is Brampton Island, one of the most attractive of them all.

00:09:42.000 --> 00:09:47.000

Total area of about three square miles. You'll find coconut trees and wild goats.

00:09:47.000 --> 00:09:51.000

And both the goats and the coconut trees were introduced by the government,

00:09:51.000 --> 00:09:57.000

so that if any shipwrecked mariners should find themselves in this area, this dates back many years ago,

00:09:57.000 --> 00:10:00.000

they would have a form of sustenance until they could be rescued.

00:10:00.000 --> 00:10:05.000

Now on Brampton there are beautiful, tropical flowers. There are modern bungalows.

00:10:05.000 --> 00:10:09.000

You can have your own bungalow, bedroom and shower,

00:10:09.000 --> 00:10:15.000

three excellent meals per day, all for \$7 per day inclusive.

00:10:15.000 --> 00:10:19.000

And if you like a little painting, as this man from Melbourne did,

00:10:19.000 --> 00:10:25.000

well there are many beautiful scenes right there to transfer to your canvas.

00:10:25.000 --> 00:10:28.000

There is fishing and swimming and tennis,

00:10:28.000 --> 00:10:34.000

and there's fossicking, as we'll see later in our visit to Brampton this evening.

00:10:34.000 --> 00:10:38.000

Now, I was to charter a very small craft. Here it is.

00:10:38.000 --> 00:10:40.000

Actually wasn't much of a charter.

00:10:40.000 --> 00:10:45.000

And Gold will only beach on the far side of the island for picnic lunch and for swimming.

00:10:45.000 --> 00:10:48.588

And as we were heading toward this beach here, the man who was operating the

National Anthropological Archives

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
