May 2, 1947
Mr. Fred Wiseman,
1817 Oxford Street,
Berkeley, Calif.
Dear Mr. Wiseman:
This is to confirm our telephone conversation of Thursday evening.

Southwest Airways is planning the stunt with the Northern California mayors at Oakland Airport some time during the next month or so to signalize the advancement in "feeder line" operation to small towns. As you were probably the first "feeder line" pilot between small cities they naturally want you featured.

Will try to meet you at the Airport some time next week to take pictures with the old plane, and will provide you with more details at that time. Mr. West has agreed to give you a message if I call there.

Thanking you for your cooperation, I remain,
Very truly yours,

Smithsonian National Air and Space Museum Archives

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
