After my inspection of the units at Wheeler Field, I inspected the 5th Composite Group at Luke Field, consisting of the 6th Pursuit Squadron and the 23rd and 72nd Bombardment squadrons and the 11th Photo Section.

Upon completion of those inspections, I proceeded to an inspection of all the inhabited islands and the small uninhabited islands close to them. Mr. Tinkham, superintendent of the Lighthouse Service in Honolulu, kindly placed the Lighthouse tender "Malaui" at my disposal and accompanied me during the inspection, taking in the lighthouse organization in the various places. Beginning at Kauai in the north, we covered each island in succession. We took a pursuit airplane and a motor oar to Kauai and a motor oar to the other islands. Wherever roads did not exist, we rode horseback and made as thorough a survey of all the islands as the time permitted. The inspection of the islands was completed on December 5, 1925, and the time remaining until the departure of the transport for the Philippines was taken up in giving instructions to the air service, giving lectures and working with the staff of the

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
