The Smithsonian Institution thanks all digital volunteers that transcribed and reviewed this material. Your work enriches Smithsonian collections, making them available to anyone with an interest in using them.

The Smithsonian Institution (the "Smithsonian") provides the content on this website (transcription.si.edu), other Smithsonian websites, and third-party sites on which it maintains a presence ("SI Websites") in support of its mission for the "increase and diffusion of knowledge." The Smithsonian invites visitors to use its online content for personal, educational and other non-commercial purposes. By using this website, you accept and agree to abide by the following terms.

- If sharing the material in personal and educational contexts, please cite the National Museum of African American History and Culture as source of the content and the project title as provided at the top of the document. Include the accession number or collection name; when possible, link to the National Museum of African American History and Culture website.
- If you wish to use this material in a for-profit publication, exhibition, or online project, please contact National Museum of African American History and Culture or transcribe@si.edu

For more information on this project and related material, contact the National Museum of African American History and Culture. See this project and other collections in the Smithsonian Transcription Center.

Kentucky Straight Bourbon Whiskey, 80 and 8t Proof, The Old Taylor Distillery Co., Frankfort & Louisville, Kentucky

Colonel Taylor never found a yeast good enough for his Bourbon till he cultivated it himself.

No step in the making of great Bourbon was too unimportant to escape the attention of Colonel Edmund H. Taylor Jr. He personally grew and cultivated the strain of yeast that started his choice grains on their way to becoming Old Taylor. Only his yeast was good enough for his Bourbon. We still make Old Taylor the careful, painstaking way Colonel Taylor did. Indeed, the yeast we use today is the same yeast he cultivated in 1866. And that's one reason Old Taylor is the most gentle and satisfying Bourbon you can sip.

Smithsonian Institution

National Museum of African American History and Culture

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities.Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
