The Smithsonian Institution thanks all digital volunteers that transcribed and reviewed this material. Your work enriches Smithsonian collections, making them available to anyone with an interest in using them.

The Smithsonian Institution (the "Smithsonian") provides the content on this website (transcription.si.edu), other Smithsonian websites, and third-party sites on which it maintains a presence ("SI Websites") in support of its mission for the "increase and diffusion of knowledge." The Smithsonian invites visitors to use its online content for personal, educational and other non-commercial purposes. By using this website, you accept and agree to abide by the [following terms](#).

- If sharing the material in personal and educational contexts, please cite the National Museum of African American History and Culture as source of the content and the project title as provided at the top of the document. Include the accession number or collection name; when possible, link to the National Museum of African American History and Culture website.
- If you wish to use this material in a for-profit publication, exhibition, or online project, please contact National Museum of African American History and Culture or transcribe@si.edu

For more information on this project and related material, contact the National Museum of African American History and Culture. [See this project](#) and other collections in the Smithsonian Transcription Center.

Quality!
[[image]]

Everything we do at Sterling Drug Inc. is geared towards one thing ... Quality. From product integrity to human lifestyle there is a pervasive commitment to excellence here that touches every phase of our operations.

As a \$1.8 billion transnational organization we learned long ago that it takes quality people to make a quality product, and quality products are something for which we have long been noted. Bayer aspirin and Lysol disinfectant are just two of the many products that have helped to establish Sterling Drug as a worldwide leader in prescription and over-the-counter health care medicines, household/consumer products, specialty chemicals and environmental control systems.

With facilities in 47 countries and a fruitful R&D program, we are aggressively poised to meet the future...but we can't do it alone. We need the talents of ambitious, dedicated, quality-minded individuals in a broad area of interests from scientific research, engineering and finance, to marketing and computer science.

If you're looking for a quality career with a quality organization offering diversity and professional depth, contact us today.

Please forward a letter or resume in confidence to:

Smithsonian Institution

National Museum of African American History and Culture

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
