THE NATIONAL ASSOCIATION OF MINORITY CPA FIRMS

Founded in 1971, the National Association of Minority Certified Public Accounting Firms (NAMCPAF) is dedicated to correcting the inequitable climate that prevented minority firms from moving into the mainstream of the American economic system. NAMCPAF is devoted to making sure that minority firms, especially minority CPA firms, receive an equitable share of the market.

With a membership consisting of 133 firms, nationwide, employing over 2,000 professionals, NAMCPAF recognizes its obligation to provide generous technical assistance to fledgling and prospective small and minority businesses.

NATIONAL OPTOMETRIC ASSOCIATION

Founded in 1969, The National Optometric Association (NOA) is a professional association of predominantly minority optometrists with a primary objective and concern for the delivery of vision/eye health care to the minority community. To implement that goal, the NOA actively recruits minority students into the schools and colleges of optometry; provides professional development and placement services to new graduates and established minority optometrists; cooperates with other organizations to advance the arts, science, and practice of optometry; and improves the delivery of primary optometric and health care services worldwide.

National Museum of African American History and Culture

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
