NOW CHARTERED AS THE . AVIATION HALL OF FAME . BY ACT OF CONGRESS

NATIONAL AVIATION HALL OF FAME, INC.
BILTMORE HOTEL, DAYTON, OHIO 45402 [image: older model plane flying just above the ground with person standing on the ground looking up at it]

December 28, 1965

Mr. Glen A. Knabenshue
5547 Shoup Avenue
Woodland Hills, California 91364

Dear Mr. Knabenshue:

I am pleased that you were able to attend the ceremonies when your Father was enshrined in the Aviation Hall of Fame. I trust your visit to Dayton was interesting experience for you and that your first airplane ride was equally exciting.

Now that you are more fully aware of the activities of the Aviation Hall of Fame, I am sure you realize that we want to properly document all of your father's achievements when the Hall of Fame is completed in Dayton. You and your family can help in this regard by making available on a loan basis, any additional material which is in your possession so we can reproduce it for our files. I am particularly interested in the album which your sister, Mrs. Kestle, mentioned in her letter of October 20, 1965 to me and the unpublished memoirs which your father wrote and which are supposed to be in the possession of your stepmother, Jane Knabenshue. We plan to publish a book covering the achievements of each of the pioneers enshrined in the Aviation Hall of Fame. Thus, you can see why we are interested in as much information on your father as possible. Your help will assure bringing the further recognition to your father which he so richly deserves.

With kindest regards,

Sincerely,
James Jacobs
James W. Jacobs
President

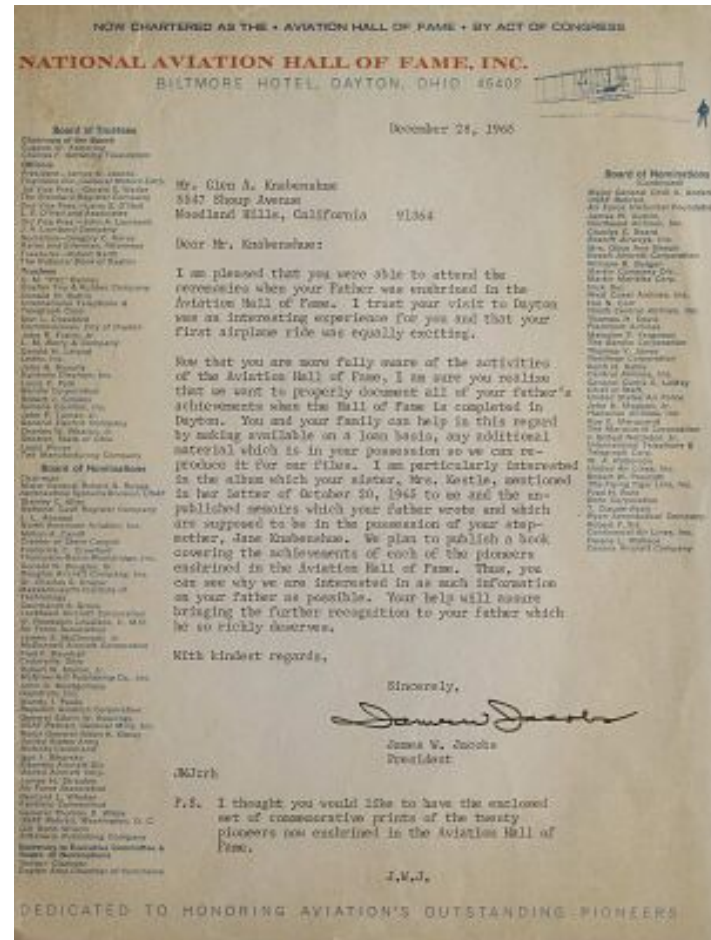

JWJ:rh

P.S. I thought you would like to have the enclosed set of commemorative prints of the twenty pioneers now enshrined in the Aviation Hall of Fame.

J.W.J.

Smithsonian Institution

Smithsonian National Air and Space Museum Archives

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
