Smithsonian National Air and Space Museum Archives

Knabenshue Collection - Correspondence, 1941-05 - 1941-07

Extracted on Apr-19-2024 01:19:00

The Smithsonian Institution thanks all digital volunteers that transcribed and reviewed this material. Your work enriches Smithsonian collections, making them available to anyone with an interest in using them.

The Smithsonian Institution (the "Smithsonian") provides the content on this website (transcription.si.edu), other Smithsonian websites, and third-party sites on which it maintains a presence ("SI Websites") in support of its mission for the "increase and diffusion of knowledge." The Smithsonian invites visitors to use its online content for personal, educational and other non-commercial purposes. By using this website, you accept and agree to abide by the [following terms](#).

- If sharing the material in personal and educational contexts, please cite the Smithsonian National Air and Space Museum Archives as source of the content and the project title as provided at the top of the document. Include the accession number or collection name; when possible, link to the Smithsonian National Air and Space Museum Archives website.
- If you wish to use this material in a for-profit publication, exhibition, or online project, please contact Smithsonian National Air and Space Museum Archives or transcribe@si.edu

For more information on this project and related material, contact the Smithsonian National Air and Space Museum Archives. [See this project](#) and other collections in the Smithsonian Transcription Center.

Season	Activity	Responsibility	Remarks
Fall	12. Natchez Trace: Cumberland Gap - Study of the location of wilderness roads and archaeological features, especially through the use of photographs.	Park Superintendents, historians.	Suggested by Assistant Historian Ralston Lattimore; to be done while trees are in the dormant stage.

| 13. Cape Hatteras - Assist Fish and Wildlife Service with annual census and study of movement of waterfowl. | Wildlife Technician. |

Winter | 14. Jamestown Island, Shelby Forest, and elsewhere - Make census of wild turkeys. | Wildlife Technician. | Probably when snow is on the ground.

| 15. Acadia NP, Hickory Run RDA, Blue Knob RDA, and other national areas - Make a census of deer. | Wildlife Technician. | When snow is on the ground.

| 16. Gulf Coast Parkway - Make a reconnaissance to determine location and feasibility of the parkway and to get a comprehensive picture of site conditions. | Regional Chief of Planning. | Flights to be made during periods of heavy use; a summer tourist season is also recognized.

| 17. Photographing and observation in connection with winter sports. | Chief, Recreation Planning Division.

Smithsonian National Air and Space Museum Archives

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
