Hattie Meyers Junkin Papers - RE: Gerald Hughes, 1978 - 1979

Extracted on Apr-19-2024 03:20:44

The Smithsonian Institution thanks all digital volunteers that transcribed and reviewed this material. Your work enriches Smithsonian collections, making them available to anyone with an interest in using them.

The Smithsonian Institution (the "Smithsonian") provides the content on this website (transcription.si.edu), other Smithsonian websites, and third-party sites on which it maintains a presence ("SI Websites") in support of its mission for the "increase and diffusion of knowledge." The Smithsonian invites visitors to use its online content for personal, educational and other non-commercial purposes. By using this website, you accept and agree to abide by the [following terms](#).

- If sharing the material in personal and educational contexts, please cite the Smithsonian National Air and Space Museum Archives as source of the content and the project title as provided at the top of the document. Include the accession number or collection name; when possible, link to the Smithsonian National Air and Space Museum Archives website.
- If you wish to use this material in a for-profit publication, exhibition, or online project, please contact Smithsonian National Air and Space Museum Archives or transcribe@si.edu

For more information on this project and related material, contact the Smithsonian National Air and Space Museum Archives. [See this project](#) and other collections in the Smithsonian Transcription Center.

understand inflation - its causes and cures. As a result, we are rapidly travelling the road to destruction. In short, we will finally wind up in a crash similar to what happened in 1929-1932.

Thank you for the enclosures - which I am returning herewith.

I wonder who is trying to write the history of Rich Field, Waco?

I would be interested in reading anything that is produced.

A few months ago, the County Museum sent me an article taken from some journal which tried to tell the story of Chanute Field (Rantoul, Ill.). I was there during the fall of 1917 (before going down to Waco). The author admitted he had very little to go on and so did a rather poor job. I could have given him a lot of little details - but he didn't know of my existence.

I enclose a report from the L.I.E.F. which describes the talks that will be given at Uniondale High School about aviation on Long Island - and in general.

I give the second and will be concerned with the First World War. I am working right now in preparation for the ordeal. (I'm getting too old for this kind of business!).

Charlotte and I enjoyed our trip to Europe. Only sour spot was Leningrad. We were only too happy to get away from there and get to Finland (next day).

Take care now!

Sincerely,

Jerry

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
