Fork Union, Va., 23055

Dear Mr. Casey: Your letter of May 27th 1982 rec'd this morning. Good to hear you retired in health and "not the slow death it is unless motivated". My whole faith in this re-editing of 3 yrs. writing of WACO true history...after I sued C.J. Brukner in 1928 for the controlling interest money to raise my children. I am healed and out of pain from four thoracic vandal incurred fractures with the lumbar one left leg affected...all vandal incurred. I mention this again to you as now at age 84, in apart of the U.S. only someone from other parts of the country so in shock, no dignity, suedo-education...all physical distances and climate dangerous to Celtic ancestry like mine and expensive...plus high cost of any national food item, reason all those Corp. transferees that feel for the "Sunbelt stuff, all those families who befriended me left within a yr. Any northerner gets the paranoid, "what are they hiding" tirade that we ruined the south. I have ceased saying anything until I hear the voice...thought I was the First Woman Soaring pilot in America(which belong with WACO, Vic Powell has the letter)  
I had to be 83 yr. old, 1981 to ever be insulted. The object of this letter is: Vic Powell has succored me, with my Trust in his persepctive acuity. What do I know of r.C. Mikesh. In the trunk I have all the originals of the Xerox sent V.P. then to you. The ~~[[/strikethrough]]A?C?[[/strikethrough]]~~ paid for in high rent failed so often that after spending \$3000 for a helper and not including Xerox by the foot...when she was involved emotionally (sexually) that nearly ended her.

## Smithsonian Institution

*Smithsonian National Air and Space Museum Archives*

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
