Hattie Meyers Junkin Papers - Correspondence--Material grouped together by Hattie when collection was donated to NASM

Extracted on Jul-01-2025 11:39:42

The Smithsonian Institution thanks all digital volunteers that transcribed and reviewed this material. Your work enriches Smithsonian collections, making them available to anyone with an interest in using them.

The Smithsonian Institution (the "Smithsonian") provides the content on this website (transcription.si.edu), other Smithsonian websites, and third-party sites on which it maintains a presence ("SI Websites") in support of its mission for the "increase and diffusion of knowledge." The Smithsonian invites visitors to use its online content for personal, educational and other non-commercial purposes. By using this website, you accept and agree to abide by the [following terms](#).

- If sharing the material in personal and educational contexts, please cite the Smithsonian National Air and Space Museum Archives as source of the content and the project title as provided at the top of the document. Include the accession number or collection name; when possible, link to the Smithsonian National Air and Space Museum Archives website.
- If you wish to use this material in a for-profit publication, exhibition, or online project, please contact Smithsonian National Air and Space Museum Archives or transcribe@si.edu

For more information on this project and related material, contact the Smithsonian National Air and Space Museum Archives. [See this project](#) and other collections in the Smithsonian Transcription Center.

Bud Schulenburgur helped build the THREE WACO EIGHTS, IN MEDINA, OHIO..1921. He worked with the metals which we used for the fuselages. This was in competition with Clayton J. Brukner. The Company Weaver Aircraft Co., Inc. 1920. George B. "Buck" Weaver was the only and famous pilot. Elwood J. Junkin and C.J. Brukner two friends from Michigan with Weaver formed the Company. When Bud Schulenburgur left he worked with R.E. Franklin on the glider which I eventually bought and flew.

Signed

Mrs. Hattie Meyers Weaver (Junkin)
Medina, Ohio 1921

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
