FLINT GIRL WILL WE STATE POLICE MEMBER

don't fool yourself
It makes you unpopular

No matter how charming you may be, or how fond of you your friends are, you can't expect them to put up with Halitosis (unpleasant breath) forever. Don't fool yourself that you are always free from halitosis. Few people escape it.

Since you yourself cannot tell whether you offend this way, the wisest thing to do is to use Listerine, the safe antiseptic, before any engagement with [[?]] people.

Immediately it destroys unpleasant odors arising from teeth and gums - the most common source of Halitosis.

Better keep a bottle handy in home and office, so that you may always be sure. Send for your free book of etiquette. Address Lambert [[Pharmaceutical?]] Co., Dept. G2, 2101 Locust St., St. Louis, Mo.

LISTERINE
-the safe antiseptic

Smithsonian National Air and Space Museum Archives

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
