

# Sally K. Ride Papers - KidSat General Description Material

Extracted on Mar-29-2024 02:47:05

The Smithsonian Institution thanks all digital volunteers that transcribed and reviewed this material. Your work enriches Smithsonian collections, making them available to anyone with an interest in using them.

The Smithsonian Institution (the "Smithsonian") provides the content on this website (transcription.si.edu), other Smithsonian websites, and third-party sites on which it maintains a presence ("SI Websites") in support of its mission for the "increase and diffusion of knowledge." The Smithsonian invites visitors to use its online content for personal, educational and other non-commercial purposes. By using this website, you accept and agree to abide by the following terms.

- If sharing the material in personal and educational contexts, please cite the Smithsonian National Air and Space Museum Archives as source of the content and the project title as provided at the top of the document. Include the accession number or collection name; when possible, link to the Smithsonian National Air and Space Museum Archives website.
- If you wish to use this material in a for-profit publication, exhibition, or online project, please contact Smithsonian National Air and Space Museum Archives or transcribe@si.edu

For more information on this project and related material, contact the Smithsonian National Air and Space Museum Archives. See this project and other collections in the Smithsonian Transcription Center.

NASA Vision, Mission and Goals

Vision

NASA is an investment in America's future. As explorers, pioneers, and innovators, we boldly expand frontiers in air and space to inspire and serve America and to benefit the quality of life on Earth.

Mission

It is NASA's mission to:

- Explore, use, and enable the development of space for human enterprise
- Advance scientific knowledge and understanding of the Earth, the Solar System, and the Universe, and use the environment of space for research
- Research, develop, verify, and transfer advanced aeronautics, space, and related technologies

In fulfilling its mission, NASA contributes to America's goals in:

- Economic Growth and Security. We conduct aeronautics and space research and develop technology in partnership with industry, academia, and other Federal agencies to keep America capable and competitive.
- Preserving the Environment. We study the Earth as a planet and as a system to understand global change, enabling the world to address environmental issues.
- Educational Excellence. We involve the educational community in our endeavors to inspire America's students, create learning opportunities, and enlighten inquisitive minds.
- Peaceful Exploration and Discovery. We explore the Universe to enrich human life by stimulating intellectual curiosity, opening new worlds of opportunity, and uniting nations of the world in this quest.

### NASA Vision, Mission and Goals

### VISION

NASA is an investment in America's future. As explorers, gioneers, and innovators, we boldly expand frontiers in air and space to inspire and serve America and to benefit the quality of life on Earth.

#### MISSION

It is NASA's mission to

- . Explore, use, and enable the development of space for human enterprise
- Advance scientific knowledge and understanding of the Earth, the Solar System and the Universe, and gag the environment of space for research
- · Research, develop, verify, and transfer advanced aeronautics, space, and related technologies

In fulfilling its mission, NASA contributes to America's goals in:

- Economic Growth and Security. Wa conduct perorastics and space research and develop technology in partnership with industry, academia, and other Federal agencies to keep America capable and connection.
- Preserving the Environment. We study the Earth as a planet and as a system to understand global chance, enabling the world to address environmental issues.
- Educational Excellence. We involve the educational community in our endeavors to inspire America's students, create learning opportunities, and enlighten inquisitive minds.
- Peaceful Exploration and Discovery, We explore the Universe to enrich human life by stimulating intellectual curiosity, opening new worlds of opportunity, and uniting nations of the world in this quest.

## **Smithsonian Institution**

Smithsonian National Air and Space Museum Archives

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
