the present of a mule. I also send you three pictures taken on the ranch, thinking you might like them.

By the way you have not told me the price of the rifle or do you want me to turn it over to you when you come out. I have rented the little ranch where we were working last year. When I get things in shape will commence & dig a little. I will report progress and send you photographs of the work. By the way send me one of the photos of my girl. All that I took of her since you were here, turned out badly. Will write again in a couple of weeks. My kindest regards to Mrs. Pepper and the same for yourself- I remain

Yours very sincerely
John H. Cobbs

National Museum of the American Indian Archives Center

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities.Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
