Office of Supt Freedmans Village Va
August 14th 1867

Bvt Brig Genl Chas H. Howard
Asst Commissioner D.C.

General

On the 20th of July I forwarded to your office a code of rules and regulations for the administration of affairs in this village, for your examination in compliance with special orders from your headquarters. I have not felt myself justified in introducing rules of discipline until I should first have your approval of my own rules, or laws Established by you, and as there has, heretofore been kept no order & letter Book to which I could refer, I would now respectfully ask instructions as to the discharges of dependants from the village, the disposal of quarrelsome and turbulent renters; and whether I may punish, and in what manner, dependants for insubordination, assault, or indecent or abusive language and conduct towards civilian employees here. There are persons here on the roll of dependants who should be, in my opinion, not only discharged as dependants from the village but discharged entirely. There are renters who are frequent violaters of good order and troublesome inhabitants, and there are dependants who have to be constantly watched to prevent them from using violence to persons in Authority under me, and who have already committed assault in several instances. All these are greivous sources of trouble to the Superintendant of disorder in the community and of disrepute.

Freedmen's Bureau

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
