I suppose the things we sent arrived, and hope they came through without smashing the little ones bundle was sent two days later, hope it fits. I went down to see Mrs. Blake & found her sitting up & looking well as usual. Then went in accross & called on Mort. he had just had a caller & wished I had happened in before to see him, it seems he was the one who had been there & seen Mrs. Eddies picture before, a Christian Scientist & had just got home from abroad, he had given up selling stocks & bonds. & seemed interested in the picture, a fine talker, so they live in hopes something may turn up, in favor of getting started on the right track at last let us hope so. well this is all for this time anyhow

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
