# New York Airways Collection - Manuals, Flight Operations Manual (2 of 2), 1959

Extracted on Mar-28-2024 06:19:11

**The Smithsonian Institution thanks all digital volunteers that transcribed and reviewed this material. Your work enriches Smithsonian collections, making them available to anyone with an interest in using them.**

The Smithsonian Institution (the "Smithsonian") provides the content on this website (transcription.si.edu), other Smithsonian websites, and third-party sites on which it maintains a presence ("SI Websites") in support of its mission for the "increase and diffusion of knowledge." The Smithsonian invites visitors to use its online content for personal, educational and other non-commercial purposes. By using this website, you accept and agree to abide by the following terms.

- If sharing the material in personal and educational contexts, please cite the Smithsonian National Air and Space Museum Archives as source of the content and the project title as provided at the top of the document. Include the accession number or collection name; when possible, link to the Smithsonian National Air and Space Museum Archives website.
- If you wish to use this material in a for-profit publication, exhibition, or online project, please contact Smithsonian National Air and Space Museum Archives or transcribe@si.edu

For more information on this project and related material, contact the Smithsonian National Air and Space Museum Archives. See this project and other collections in the Smithsonian Transcription Center.

NEW YORK AIRWAYS

6.1 FLIGHT MANUAL INTRODUCTION V-44

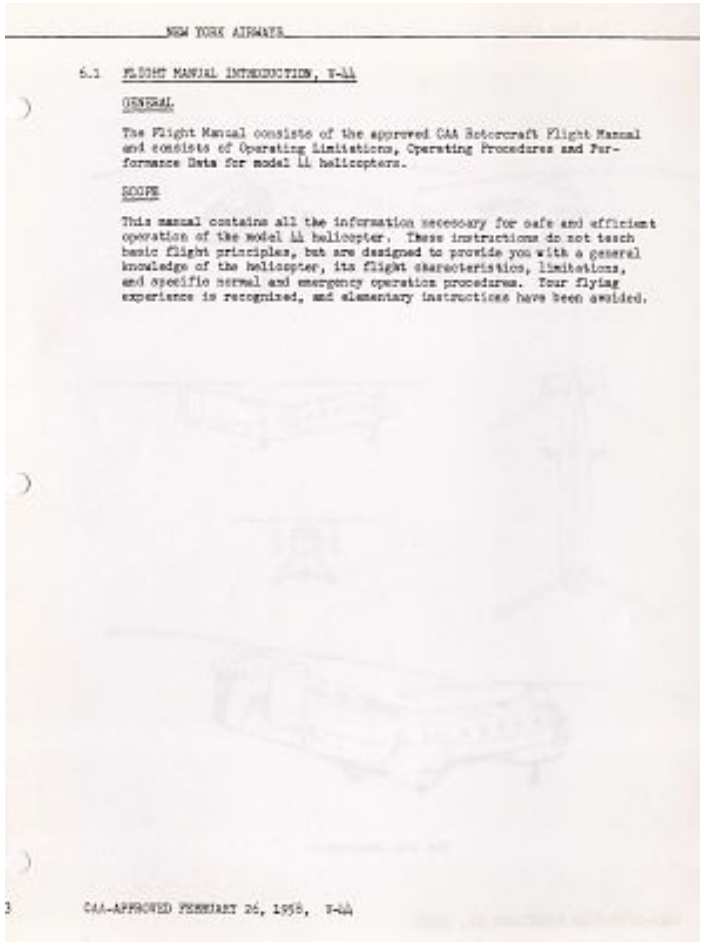

GENERAL

The Flight Manual consists of the approved CAA Rotorcraft Flight Manual and consists of Operating Limitations, Operating Procedures and Performance Data for model 44 helicopters.

SCOPE

This manual contains all the information necessary for safe and efficient operation of the model 44 helicopter. These intructions do not teach basic flight principles, but are designed to provide you with a general knowledge of the helicopter, its flight characteristics, limitations, and specific normal and emergency operation procedures. Your flying experience is recognized, and elementary instructions have been avoided.

CAA-APPROVED FEBRUARY 26, 1958, V-44

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities.Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
