March 22nd

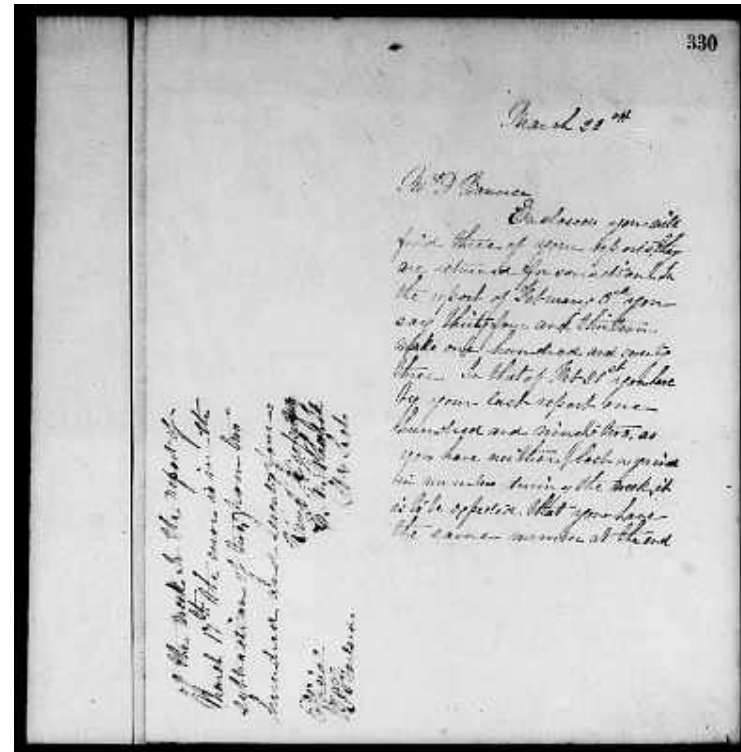

Mr D. Bonner

Enclosed you will find three of your reports, they are returned for correction. In the report of February 3rd you say thirty four and thirteen make one hundred and seventy three. In that of Feb 21st you have by your last report one hundred and ninety two, as you have neither lost or gained in numbers during the week, it is to be expected that you have the same number at the end of the week. In the report of March 17th the error is in the subtraction of two from two hundred and seventy four.

Very Respectfully
E.M. Wheelock
Lt & Sect

Official
V E Garland.
