JULIO MITCHEL: from the series KID GLOVES, black and white photograph, 1979, at San Francisco Camerawork. With a sympathetic eye and the investigative intrepidity of a photojournalist, photographer Julio Mitchel captures moments of vulnerability, confusion and tenderness in the lives of his subjects, who range from the juvenile boxers of New York City and the gunmen of Northern Ireland to erotically entwined couples. The events and emotions he documents are often private or even illicit; to be able to capture them takes a rare talent.

I just noticed this. I already sent in for our reg. pd. listing + also for the LACPS Photo calendar for

*BIA PHOTOGRAPHY

Smithsonian Institution

Archives of American Art

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
