The Smithsonian Institution thanks all digital volunteers that transcribed and reviewed this material. Your work enriches Smithsonian collections, making them available to anyone with an interest in using them.

The Smithsonian Institution (the "Smithsonian") provides the content on this website (transcription.si.edu), other Smithsonian websites, and third-party sites on which it maintains a presence ("SI Websites") in support of its mission for the "increase and diffusion of knowledge." The Smithsonian invites visitors to use its online content for personal, educational and other non-commercial purposes. By using this website, you accept and agree to abide by the [following terms](#).

- If sharing the material in personal and educational contexts, please cite the Freedmen's Bureau as source of the content and the project title as provided at the top of the document. Include the accession number or collection name; when possible, link to the Freedmen's Bureau website.
- If you wish to use this material in a for-profit publication, exhibition, or online project, please contact Freedmen's Bureau or transcribe@si.edu

For more information on this project and related material, contact the Freedmen's Bureau. [See this project](#) and other collections in the Smithsonian Transcription Center.

he would have his pistol and his God damned scalp also.

My husband and the two men then left the house, and after having been gone about three hours they came back almost to our house, when I heard the shots fired and Jim Warren was killed.

The man with Penth was Wallace Webb. Webb lives about 10 miles from Mitchellville. Penthe came into the house and said he got Jim Warren's pistol and his scalp too, and that if he did not get connection with me, he would also kill my husband. I said I would not do it, and that I thought he would not kill him. (my husband) for I thought he had done enough. He had Jim Warren's pistol in his hand. They then left the house. I saw both Penth and Webb, often since.

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
