The City of New York Department of Sanitation

Stamp

July 14, 1992

TO: Annette Kuln, Assistant to the [...]

FROM: Nonan Steal, Commissioner

SUBJECT: Works of Art in public buildings

I have made my design staff aware of the the City policy concerning the inclusion of artwork in our capital construction projects as outlined in the legislation introduced by the Mayor. This Department is wholly committed to the incorporation of artwork into our facilities.

The Department of Sanitation will work closely with the Art Commission by incorporating their recommendations into the design of our new facilities. In addition, the Department's Artist in Residence, Meirle Laderman Ukeles, has compiled a list of one hundred relevant artists whose work is concerned with public, environmental, social or discarded materials art interests. These artists could be submitted as candidates for consideration for artwork proposals at planned DOS facilities.

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
