return to my project in Emmen. I must maintain Broken Circle and Spiral Hill by keeping on grip on its physical developments. The show is not over, as far as I'm concerned. Although I ^{have} film footage ~~the film remains to be made~~ of the construction of the work, I have yet to get aerial shots of the work. Still shots from carefully planned angles have yet to be shot. I would love to return to Holland to work on the project. I hope ^{Sjonke ?} Zylstra realizes the importance of this project, and will keep it from being destroyed. I don't know yet, if I will be able to get to Prospect. Hello to Trudie

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
