The Bumblebee Project - Set 7

Extracted on Apr-19-2024 02:56:17

The Smithsonian Institution thanks all digital volunteers that transcribed and reviewed this material. Your work enriches Smithsonian collections, making them available to anyone with an interest in using them.

The Smithsonian Institution (the "Smithsonian") provides the content on this website (transcription.si.edu), other Smithsonian websites, and third-party sites on which it maintains a presence ("SI Websites") in support of its mission for the "increase and diffusion of knowledge." The Smithsonian invites visitors to use its online content for personal, educational and other non-commercial purposes. By using this website, you accept and agree to abide by the [following terms](#).

- If sharing the material in personal and educational contexts, please cite the NMNH - Department of Entomology as source of the content and the project title as provided at the top of the document. Include the accession number or collection name; when possible, link to the NMNH - Department of Entomology website.
- If you wish to use this material in a for-profit publication, exhibition, or online project, please contact NMNH - Department of Entomology or transcribe@si.edu

For more information on this project and related material, contact the NMNH - Department of Entomology. [See this project](#) and other collections in the Smithsonian Transcription Center.

Collectors: "Snyder, T. E."
Verbatim Date: July 12 1917
Collection Date (From): Jul 12 1917
Collection Date (To): Jul 12 1917
Verbatim Locality: Salt Lake City Utah Dry Creek Canyon
Country: United States
State: Utah
State:

County: [Not Stated]
Precise Locality: Salt Lake City, Dry Creek Canyon
Elevation:
Longitude:
Latitude:

NMNH - Department of Entomology

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
