Testimonial [?]? [Dust?] to [Chandler] Chandler [?]
occasion of his retirement as professor. [?], Moore
Baskerville, McMurtrie, McKenna, and Schweitzer there [?]
- Why the latter? Afterward drove to Century Club, met Hooker there and
some other acquaintances. Drove home with Lewis in rather cold night.
1910 [February 6]. Very cold windy day. Stayed
home all day but for short motor excursion with George to Mandels
and Hastings. So cold that [cheek] cheeks
felt [pained?]. I am afraid Radiator of car is frozen - had some trouble
with cooling of cylinders on account of bad circulation.

5

Very cold weather yet we succeeded in thawing out motor car and radiator and to my delight found there is no damage done. May was here and got initiated with experimental manufacture of Bakelite paper.

February 8. Milder weather and slight thaw. Busy all morning hoping to grind A in new ball mill. I have been feeling very tired and empty headed during these last days. signs of dizziness. In the ~~[[?]]~~ afternoon George Lufbery Jr came here to ask my advice what to say to Peters who has asked him to make a proposition to sell out. Told him to do nothing and go ahead and build up first a business before selling out. Drove Celine and Miss Robinson & Lufbery all to New York after supper. He ~~[[later?]]~~ went to concert at Carnegie.

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
