Swan there. Left at 5 P.M met Celine in train

Sept 12. Last night wrote main conditions for Japanese license. At 1³⁰ went to Perth Amboy. Gordon has a good matt lacquer. I got impatient at sight of pipe bits being soiled with spilling carbolic acid. Went to Nippon Club when I took supper with Takamine and where I told him our conditions for license. Home at midnight

Sept 13. [Crowen?] at office telling his first results and successes. Also

[Friedbury?] with his resin does not look to be of any importance. Later found it was Watson Smith's product. Much disgusted again because Rossi has sent bad A to Boonton

Sept 14 Got telephone call from Dr. Weston that he wants to tell me certain things about [Condensite] clique so I took lunch with Celine at Drug Club then took train to Waverly. Got news [John?] Barringer of General Electric Co gave us an order for [2000] lbs. of [molding mixture] and [Barringer] tells me he is well satisfied. Weston told me again the story how Edison appropriated other peoples

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
