1912. 1

April 13. Left Chicago for Anderson Ind. with Swan at 9<sup>30</sup>. Met band of splendid full blooded indians in full accoutrements and paint at station in Chicago. Part of Buffalo Bill show.

Arrived at Remy electric Co after lunch time. Mr. Krause at Station with his auto took us to his well equipped plant of considerable size. They seem to be much satisfied with Bakelite and say will use much more before long. Nice equipment for molding. Krause tells me bakelite impregnation has helped them out of their difficulties in impregnating their dynamos for loco-

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
