Aug. 17/28 (Friday)

Luzern (Fair)

At 9:00 A.M. we took a steamer on the lake and went to Brunnen where we got off and took a taxi for the Axenstrasse drive, ~~one of~~ the most beautiful we have seen while in ~~Switzerland~~ Europe. The lake was a gorgeous color and the sun shone beautifully. There we boarded the boat at Brunnen again & went to Vitznau where we took the cog railway to the summit of the Rigi. The clouds hindered our view

greatly, besides, I don't care very much for a view where the whole country is laid out so far below, as it seems too much like a relief map. One somewhat hidden or obstructed is more pleasing to me. At about 5:30 we took a steamer and struck out on the lake for home -- our hotel. The rays ~~sh~~ of the sun shining through the clouds made a beautiful picture with the lake as the sun set. Arrived at 7 P.M.

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
