The Smithsonian Institution thanks all digital volunteers that transcribed and reviewed this material. Your work enriches Smithsonian collections, making them available to anyone with an interest in using them.

The Smithsonian Institution (the "Smithsonian") provides the content on this website (transcription.si.edu), other Smithsonian websites, and third-party sites on which it maintains a presence ("SI Websites") in support of its mission for the "increase and diffusion of knowledge." The Smithsonian invites visitors to use its online content for personal, educational and other non-commercial purposes. By using this website, you accept and agree to abide by the [following terms](#).

- If sharing the material in personal and educational contexts, please cite the Smithsonian Institution Archives as source of the content and the project title as provided at the top of the document. Include the accession number or collection name; when possible, link to the Smithsonian Institution Archives website.
- If you wish to use this material in a for-profit publication, exhibition, or online project, please contact Smithsonian Institution Archives or transcribe@si.edu

For more information on this project and related material, contact the Smithsonian Institution Archives. [See this project](#) and other collections in the Smithsonian Transcription Center.

AIRMAIL April 18, 1974

Amconsul, Calcutta

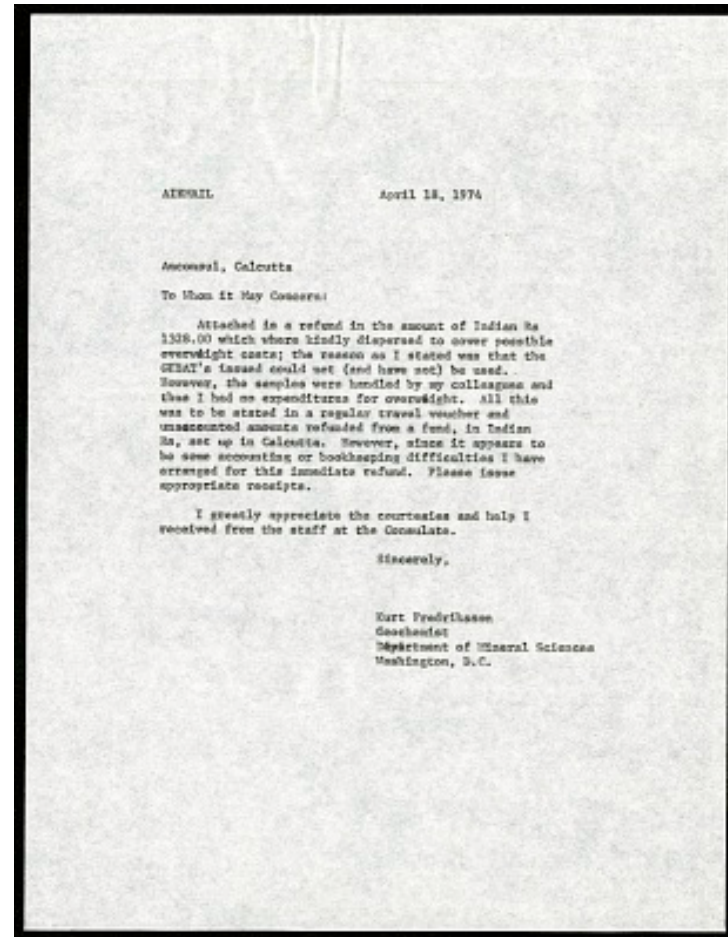

To Whom it May Concern:

Attached is a refund in the amount of Indian Rs 1328.00 which were kindly dispersed to cover possible overweight costs; the reason as I stated was that the GEBAT's issued could not (and have not) be used. However, the samples were handled by my colleagues and thus I had no expenditures for overweight. All this was to be stated in a regular travel voucher and unaccounted amounts refunded from a fund, in Indian Rs, set up in Calcutta. However, since it appears to be some accounting or bookkeeping difficulties I have arranged for this immediate refund. Please issue appropriate receipts.

I greatly appreciate the courtesies and help I received from the staff at the Consulate.

Sincerely,

Kurt Fredriksson
Geochemist

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
