REFERENCE NO. ^[[5/71/IW]]  
DATED: THE September 21, 1972

Dear Dr. Fredriksson,

Myself and Sundaram returned to Calcutta on the 18th evening after a brief stay at New York and London en route.

I am taking the earliest opportunity of conveying my sincere thanks to Mrs. Fredriksson and yourself for the excellent lunch (Part^[[1]] Indian) and all help and courtesies extended to us. I have already written to Mr. Challinor thanking him for the lunch. I would also like to thank your friend, Mr. Joseph Nelan (Joe) for the ride from airport and for his enjoyable company on the evening of our arrival in Washington.

I have conveyed to Dr. MVN Murthy and A. Dube as to how our paper was received at the session in Montreal and about the future programme of work.

I am glad to inform you that I now have the clearance from all concerned to reproduce the air photo of the Lonar Lake. Copies are being made. I shall mail them very soon. About the colour photo on Lonar some more editing is necessary. On completion I shall write to you so that it can be made into a talkie as well.

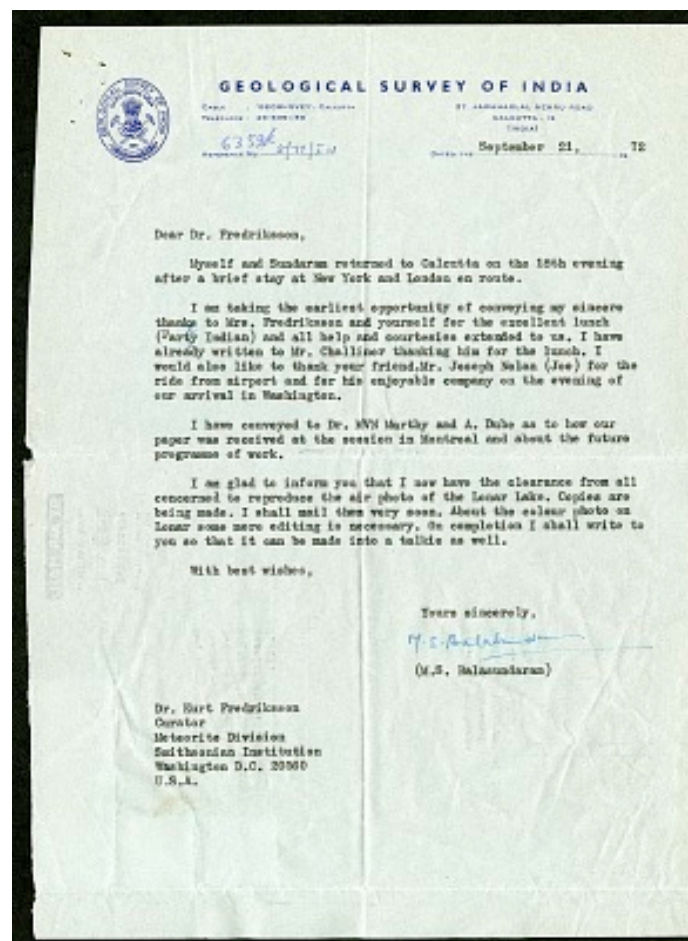

With best wishes,

Yours sincerely,

^[[MS.Balasundaram]]

(M.S. Balasundaram)

## Smithsonian Institution

*Smithsonian Institution Archives*

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
