Kunsan, Korea
Dec. 7, 1945
Friday

Dear Philip:

Received your letter and to it were attached the endorsements of a multitude of officers under whose command I've been since changing from APO 11770.

That letter of yours requesting my whereabouts certainly made the circles and I'm sure if you had known how much trouble it meant for some people you wouldn't have done that.

Now don't get me wrong Phil and think I didn't want to hear from you - or that I didn't want to write to you either. I've moved around so damn much during the past months and so fast that it's hard to believe.

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities.Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
