trying again. That in review of the delays already incurred and the very limited period that the patents have to run any further delay is a denial of justice. That if they are not satisfied with the decision they have every opportunity for getting redress by filing an action in appeal before the Court of Appeals instead of dragging the case again before the same Judge. I feel indignant At Snug Rock for supper with the whole family.  
 Aug 19. Here all day telephoning & writing letters.

with Rossi. Few orders. and most departments idle. At Department F. they have had considerable trouble with their foreman who now has been discharged. Called attention to danger of using CCl<sub>4</sub> for a diluent for oil unless used before a ventilator.  
 Afternoon left on Ion thru East River, Hell and anchored at sunset in Manhasset Bay Near Astoria Gas works we struck a submerged rock but no damage. Our boat listed suddenly to starboard after keel struck the rock then struck a second time aft. For a moment I did not know what was happening because the place where it occurred seemed to be free and clear. Calm weather.  
 Aug 23. Left Eastward and dropt anchor behind sandbar between Huntington and Northport Bays. ~~after swim~~

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
