Loose Notes Kept by Charles Francis Hall on other Arctic Explorers

Extracted on Mar-28-2024 12:22:04

The Smithsonian Institution thanks all digital volunteers that transcribed and reviewed this material. Your work enriches Smithsonian collections, making them available to anyone with an interest in using them.

The Smithsonian Institution (the "Smithsonian") provides the content on this website (transcription.si.edu), other Smithsonian websites, and third-party sites on which it maintains a presence ("SI Websites") in support of its mission for the "increase and diffusion of knowledge." The Smithsonian invites visitors to use its online content for personal, educational and other non-commercial purposes. By using this website, you accept and agree to abide by the following terms.

- If sharing the material in personal and educational contexts, please cite the Archives Center - NMAH as source of the content and the project title as provided at the top of the document. Include the accession number or collection name; when possible, link to the Archives Center - NMAH website.
- If you wish to use this material in a for-profit publication, exhibition, or online project, please contact Archives Center - NMAH or transcribe@si.edu

For more information on this project and related material, contact the Archives Center - NMAH. See this project and other collections in the Smithsonian Transcription Center.

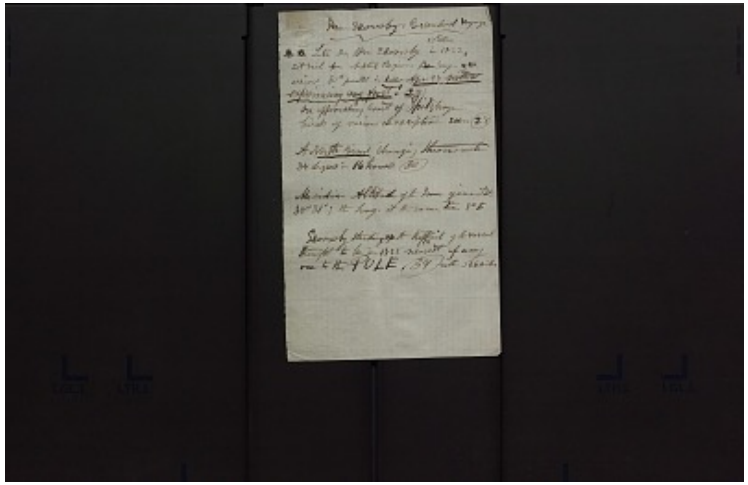

[[underlined]] From Scoresby's Greenland Voayge [[/underlined]]

Late Dr Wm Scoresby in 1822 [[insertion]] 27th Mar. [[/insertion]] set sail for Arctic Regions from Eng. arrived 82th parallel in [[underlined]] 1 Mo. Apr without experiencing any frost! [[/underlined]] [[encircled]] 25 [[/encircled]]
on approaching coast of Spitzbergen birds of various description seen [[encircled]] 28 [[/encircled]]

A [[underlined]] North wind [[/underlined]] changing thermometer 34 degrees in 16 hours [[encircled]] 30 [[/encircled]]

Meridian Altitude of the sun [[gave?]] Lat. 80°31'; the Long. at the the same time 8°E

Scoresby standing on the [[?]] of the vessel thought to be in 1822 nearest of any one to the POLE. [[encircled]] 39 [[/encircled]] with 566 miles

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities.Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
