A great portion of the time of the Curator was necessarily devoted to his other duties as Editor of the Proceedings and the Bulletin of the Museum and in charge of printing descriptive labels, the year being the busiest in the history of the Museum in these branches of work, so that it was impossible to report much special work accomplished in further advancing the Historical Collections except in connection with the preparation of the exhibits for the Worlds Fair.
The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
