The Smithsonian Institution thanks all digital volunteers that transcribed and reviewed this material. Your work enriches Smithsonian collections, making them available to anyone with an interest in using them.

The Smithsonian Institution (the "Smithsonian") provides the content on this website (transcription.si.edu), other Smithsonian websites, and third-party sites on which it maintains a presence ("SI Websites") in support of its mission for the "increase and diffusion of knowledge." The Smithsonian invites visitors to use its online content for personal, educational and other non-commercial purposes. By using this website, you accept and agree to abide by the [following terms](#).

- If sharing the material in personal and educational contexts, please cite the NMNH - Department of Invertebrate Zoology as source of the content and the project title as provided at the top of the document. Include the accession number or collection name; when possible, link to the NMNH - Department of Invertebrate Zoology website.
- If you wish to use this material in a for-profit publication, exhibition, or online project, please contact NMNH - Department of Invertebrate Zoology or transcribe@si.edu

For more information on this project and related material, contact the NMNH - Department of Invertebrate Zoology. [See this project](#) and other collections in the Smithsonian Transcription Center.

Phronima sedentaria (Forsk.)		Cat. No.	47212
Stack	Shelf	(Size bot.) Alcady	5 specimens
LOCALITY	39° 55' N., 71° 13' W: E. from N. Jersey		
Station	10064	DEPTH	175-0 fms. When collected J1.11, 1913
Collected by	Sch. Grampus		
Received	by transfer from Bureau of Fisheries.		
Remarks			
Identified by	H.B. Bigelow		Acc. No. 56751
U. S. NATIONAL MUSEUM		13-143	DIVISION OF MARINE INVERTEBRATES

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
