# QUESTIONNAIRE FOR THE 1929-30 EDITION OF Who's Who IN THE NATION'S CAPITAL

Your biography will be edited solely from information given us by yourself.

The scope of data asked for herewith is more complete than that asked for in the questionnaire of two years ago as you will see from your biography in that edition. This questionnaire reflects a digest of comment and criticism of many people on the last volume and our own careful study of the work of other compilers. Although we offer the option on this page of correcting your old biography we would much prefer your filling out this new questionnaire.

We will send, for you information and correction, a galley proof--sample below--of your biography in type and as it will appear in the volume. We will take care to represent you accurately but cannot accept responsibility for errors which may creep in.

## CORRECTION MARGIN | SAMPLE BIOGRAPHY | CORRECTION MARGIN

[since this is a sample, no comments appear in the two correction margin columns, thus only the center column is shown]

HOLMES, William Henry, artist, geologist, archaeologist, b. Harrison County, O., Dec. 1, 1846; s. Joseph and Mary (Heberling) Holmes. md. Kate Clifton Osgood, 1883; 2 sons, Osgood (1885), William Heberling (1890). Ed. McNeely Normal Coll., O., 1868; Willoughby Collegiate Inst., O., 1870. Dgs. A.B., 1884, McNeely Normal Coll.; D.Sc., George Washington Univ., 1918. Normal Coll. instructor in drawing, geography, natural history, 1871; artist, Smithsonian Inst., 1871. ## Smithsonian Institution

*Smithsonian Libraries*

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
