November 29th 1922

Mortimer Schiff, Esq.
932 Fifth Avenue
New York

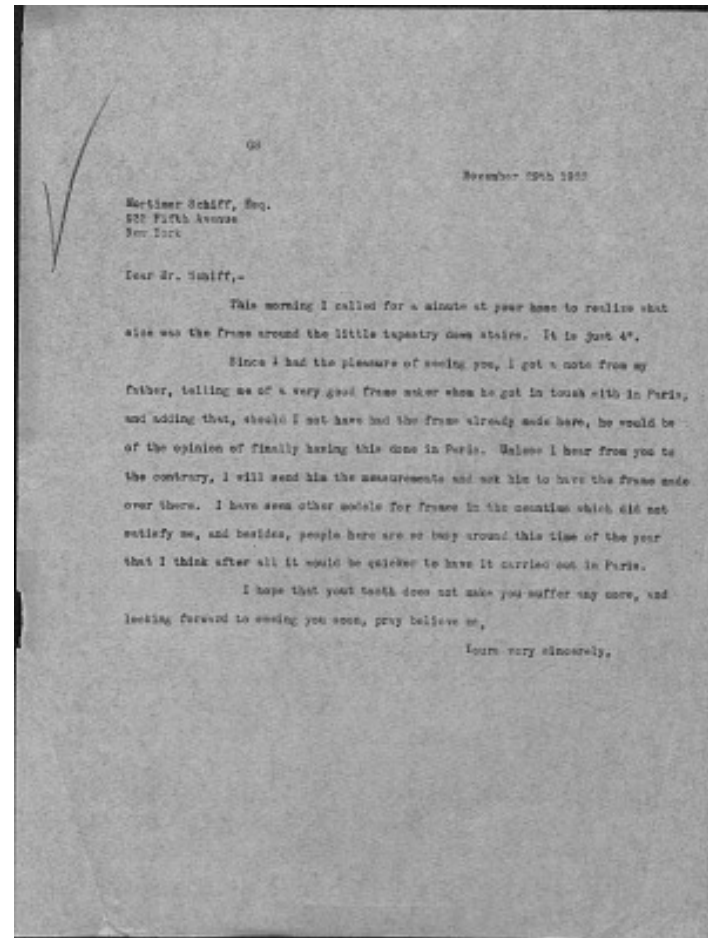

Dear Mr. Schiff,-

This morning I called for a minute at your home to realize what size was the frame around the little tapestry down stairs. It is just 4".

Since I had the pleasure of seeing you, I got a note from my father, telling me of a very good frame maker whom he got in touch with in Paris, and adding that, should I not have had the frame already made here, he would be of the opinion of finally having this done in Paris. Unless I hear from you to the contrary, I will send him the measurements and ask him to have the frame made over there. I have seen other models for frames in the meantime which did not satisfy me, and besides, people here are so busy around this time of the year that I think after all it would be quicker to have it carried out in Paris.

I hope that your tooth does not make you suffer any more, and looking forward to seeing you soon, pray believe me,

Yours very sincerely,

Jacques Seligmann & Co. Records, New York Office Correspondence: Sch-

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
