Dear Colonel Hecker,

[[next section crossed out with two diagonal lines in pencil and the word "omit" written between]]

I returned from Touraine last night and was pleased to find your letter of June 22nd.

Thanks for news given and for your letter to Frank Coykend[[?]] all about the cut blue stone. I am sorry the work is being kept backward by the Blue Stone Co and disappointed in their business methods. I fancy we will have to join and suffer however as they control the whole business.

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
